

Can an unconventional sex life a couple experimented with before their breakup be the one thing that might just spark life back into their relationship after months of being apart? Can a sex magick ritual combined with this BDSM lifestyle help a man win back the woman he loves? Can he earn back her trust by putting her in a situation where she has to trust him with her safety and emotional well-being? Making an appointment with his ex-girlfriend under a fake name, David buys himself one hour to get her attention. Hoping to apologize and remind her of their time together, he intends to do whatever he has to in order to make Meredith, a practicing Wiccan, forgive him for being idiot enough to have listened to those around him and choosing his political aspirations over love. Meredith is resistant to let David anywhere near her heart again. Desperate, David plays all his trump cards and suggests a sexual magick ritual that incorporates the BDSM lifestyle he and Meredith used to experiment with. The methods he uses may be unconventional, like sensory deprivation and sensation play intended to build trust and to achieve altered states of consciousness. David is more than willing to do whatever it takes if he can just get Meredith to agree. This edition is a newly edited release of a previously published work by Kiki Howell. ***** Reviews: "Meredith and David's journey was very intense and well very, very HOT! You can feel their emotions in this story and you want things to work out. The author, Kiki really knows how to pull at your emotions when she is writing. I felt David's pain and Meredith's anguish with their unique situation." ~ Back of the Book Reviews "Kiki has such a way of extracting deep feelings from her readers. Their (David and Meredith) journey of rediscovery was HOT, as well as tender and full of emotions. I enjoyed how Kiki captured the Wiccan elements and told them with much attention to detail...I love that after reading a story by Kiki I feel like, not only have I read a great story but I have learned something new about myself and a greater appreciation for all things Wiccan. On a scale from 1-10 I give Working Out The Kinks a 10. Ever since I read Torn Asunder, I knew miss Howell would be an author I would want to read over and over again. If you are looking for a great short story with actual feelings you can relate to and a love to hold on to and never let go of than this story is one you need to pick up on October 17,2011." ~Raquel at Skyla11377
