

Miami Moon: Vampires Lair Book One (Charlie Harding Presents)

Some of us are gatherers. Some are hunters. Some are healers. Jason Cain ran away to Miami not only to escape his past, but to escape his future as well. He left behind a pretty girlfriend, a college education, and a promising career in the shadow of his father, a prominent Chicago surgeon. He also left behind a haunting tragedy, something that stopped him from becoming the man he was destined to be. But all that is about to change. Under the Miami moon, Jason Cain is about to be chosen to fulfill his destiny to become a healer. Drawn into a forbidden world, plucked from the streets of Miami and taken to a mansion filled with danger and debauchery in the middle of a Florida bayou, Jason is about to experience male love, lust and longing like he has never known before. Here, the Vampire Xavier the muscular, dominant master of his own lair will give Jason the redemption and healing that he so desperately craves. The price is his mortality.
