

The Meadow (Gay Werewolf Billionaire Cowboy Multiple Partner) (Once In A Blue Moon Book 3)

His family dead, his mate murdered in front of his eyes, Alexander Pierce takes refuge at the only place he can trust. With his older sister Jayce unreachable, Daisy Lane Farm and the Stantons offer him security in a world that's been tipped upside down. Secure within the Stanton family halls, Alex finds a pair of familiar men happy to take his mind off all his troubles. And teach him that the alpha wolf doesn't always have to be on top. The Meadow is the third book in Alexander Pierce's series. This erotica short is 5000 words long and should not be read by anyone under the age of 18. It contains graphic descriptions of bondage, gay threesome action, tying and an alpha werewolf begging for more.

Working for most of three or four years with new books submitted regularly by . in a psychological experiment at Western Pacific University. . when members of the Blue Radio gang break in for revenge over an .
