

## F\*CK BUDDY: Friends to Lovers Romance

Luke and I had been best friends since kindergarten. He was the type of man women dreamed of - kind, caring, handsome and very protective of those he loved. After countless failed relationships, I grew tired of being single and made my proposition to him. Friends with benefits. It wasn't easy, but I convinced him to give the new relationship a try. He had two stipulations. One - we had to remain friends no matter what. And, two - sexually speaking, we had to play by his rules...I knew Luke was unlike any other man, but being in a relationship with him opened my eyes and made me realize many things about myself. My name is Liv. This is the story of how I fell in love for the first time in my life and the man who caught me when I did. NOTE: This is a stand-alone from best friends to lovers full-length 275 page Contemporary Romance novel and a LOVE STORY. It is NOT a smut fest or senseless book filled with senseless sex.
