

Developers Guide to HP Printers: With Disk

Hewlett-Packard printers, both LaserJet and DeskJet, use a page description language called PCL (Printer Control Language). This title covers all versions of PCL, along with the color commands added to PCL. The disk includes a scripting language called PAL (Printer Application Language) which allows the user to program with the printer.

This PJI Technical Reference Manual provides developers with all the information based disk drive, or other printer-based mass storage. The commandsSome HP Photosmart printers released prior to 2010 have a special CD/DVD holder and tray for printing directly onto a disc. To support this accessory, the driverInstall the best available HP print driver and software on your Mac using Apple Software Update. Before installing the software, turn on the printer and make surePrint support on systems where disk space is a concern can now support all the printers with very minimal need on disk space for drivers. 4.
