

“I’m going to watch you ride my very special horse, baby. Then I’m going to ride you!” Business is brisk at Surrogate Specialists where Calli works as a human cow. The buxom blonde is excited to meet her new client: a big and brawny cowboy from the Heller Ranch who expects more than a taste of her cream. What Calli doesn’t know is that Buck has a surprise for her: a homemade, remote control saddle that is designed specifically to give her pleasure. Before riding him, the cowboy expects Calli to ride his homemade horse while he controls the reigns. What happens next is richer, creamier and more luscious than anything she has every experienced!
