

She wants Kenneth to make her a woman, and with the scent of her desire clinging to her, she knows he won't be able to resist her call. The odds were against them, but not even his shifter secret could keep them apart. Melanie has been keeping her best friend's secret, one that if ever exposed would spell disaster for the both of them... Hes a werebear! But she has another secret, too... She harbors a young and innocent love, and hopes one day that Kenneth will understand. Before that can happen, Kenneth disappears to join the military and Melanie is left to wonder if she ever mattered to him at all. Now he's back, and she's assured herself that she will never again fall for the man who broke her heart. But when fate intervenes, she finds the only one who could ever bring her comfort is the one person she told herself she wouldn't trust again. And yet he's changed. He's not the boy who left her. He's a man, and looking into his eyes, Melanie realizes that more than anything else, she wants him to change her the way he changes under the full moon's light. She wants Kenneth to make her a woman, and with the scent of her desire clinging to her, she knows he won't be able to resist her call.
