

# Mr. Livingstons Maid: A Victorian Medical BDSM story

All of which to say Nancy was still untouched, even if she did appear to the Doctor to have the instincts of a harlot. Nancy is the newly hired chambermaid at Livingston House. Having stayed up far too late one night reading, the next morning she pretends to be ill, hoping to buy herself a few hours of sleep. Mr. Livingston generously calls the doctor. Just what will the master of the house and the good doctor do with the malingering girls spanking? Flogging? Humiliating exposure of her privates? And will she like it?
