

Yayoi Kusama (Studies in World Art Book 89)

Yayoi Kusama is now one of Japan's best-known contemporary artists. She was the recipient of her country's Praemium Imperiale for painting in 2006 - the most prestigious award Japan can offer to any painter, native or foreign. Her rise to fame has been unconventional, even by the standards of the art world of the 21st century, where eccentricities of all kinds pass without question.

Yayoi Kusama [Midori Yamamura, Jo Applin, Mignon Nixon, Frances Morris, Yayoi Kusama] on . Books Arts & Photography Individual Artists . Kusama's originality, innovation and sheer drive to make art have propelled her through . But her rediscovery on a larger stage dates from the pioneering 1989 retrospective at the Center for International Contemporary Arts (CICA), New York, 1989. For over sixty years, Yayoi Kusama has worked obsessively on her paintings, One of the books contains page after page of drawings and paintings of Peonies the Kusama convinced her parents to allow her to study the Japanese Modernist She felt that the art world in Japan ostracised her for her mental illness.
