The ability to do effective legal research is like any other learned skill it takes effort and hands-on practice to get good at it. Conducting good legal research is something that not all paralegals, or lawyers, can do, and excellent research skills can be invaluable to a legal professional. *Legal Research & Writing for Paralegals Seventh Edition* (Aspen College) [Deborah E Bouchoux] on . *FREE* shipping on qualifying offers. A clear, concise text that provides paralegals with the knowledge of the law gained through education, or education. A large part of this consists of conducting legal research and writing. **PART ONE: MASTERING THE LAW.** Chapter 1: The American Legal System: Navigating through the Process. Chapter 2: The Sources of the Law: What's in a Law? Editorial Reviews. About the Author. Neal R. Bevans, J.D. is a former Assistant District Attorney. The basic organization of primary (or government created) legal documents on the web is generally by jurisdiction, and then by sub units within that jurisdiction. Legal research is one of the basic activities in the practice of the law, and the one probably most undervalued by the lay public. While lawyers on television are often seen as being in abstract terms, citations are a necessity for any piece of legal writing, and not in abstract terms. Citation is the key purpose of legal research, as the presence of citations is essential. Therefore, this course will also focus on training our students to do competent legal research and develop their ability to draft legal documents. Students will learn to use legal research tools. The Advanced Legal Research and Writing course is for current paralegals who want to enhance and fine tune their research and writing skills. This course covers research, which is another core paralegal skill. In addition to mastering traditional legal research methods, paralegals must become proficient at
