

Walker: Bowen Boys (Volume 1)

Walker Bowen loves being a doctor. His favorite part is bringing children into the world and seeing the new parents beam over them. But he has other things he loves to do as well and one of them is shifting to his cat. Caitlynne McCray works for the government but at the moment she is running for her life. Two idiots told her that they'd give her a ten minute head start in the woods before they began hunting her. Hunting her like an animal. But when the large black panther appears in front of her she knows that if the Ingram boys see him, they'll hurt him. Caitlynne can't let that happen. Shot and beaten she creates a diversion so they both can escape. Walker knew the moment he was asked to find her who she was to him. A human in a group full of panthers could be bad but when his older brother Khan forbade him to be with her, Walker felt as if he was torn in two. But when her past comes calling it's either help her or his family will be hurt as well. He and his family will do anything for the beautiful blue eyed woman. Especially when she saves one of their own at the risk of her own life. Corruption, arms deals gone bad and assassination attempts are nothing compared to the volatile connection between the two lovers. Lynne has met her match but can she keep him safe? His family safe?
