FROM #1 INTERNATIONAL BESTSELLING AUTHOR SIERRA CARTWRIGHT

Book one in the Mastered series Julia Lyle will have nothing to do with domineering men, no matter how tall, dark, and sexy. But Dom Marcus Cavendish will be satisfied with nothing less than collaring the fiercely independent Julia. Nothing could have shocked her more Julia Lyle is invited to her best friends wedding and is stunned when Lana kneels to accept her husbands collar. When Julia starts to object, firm, relentless hands land on her shoulders. The man behind her threatens to turn her over his knee if she interrupts. Shes outraged, but theres no doubt hes serious. After the ceremony, he offers her a glimpse into her friends lifestyle, if shes brave enough to accept. Master Marcus Cavendish is everything she doesnt want in a mandominant, self-assured and arrogant. So why cant she resist him? Telling herself that learning about the lifestyle will make her a better friend, Julia agrees to submit to Master Marcus, but only for the evening. Firm and unrelenting in his handling of her, he introduces her to his tawse and the pleasure/pain of a spanking delivered by a competent Dom. The experience unnerves her, making her question everything she thought she knew about relationships, and his forced orgasms leave her shattered. No doubt the scene seduced her, and that makes her doubly determined to avoid him. She has fought hard for her freedom and vowed only to date nice men, and Master Marcus is anything but safe. Marcus is undeterred. Julia is a natural sub. The way she responded to his touch, his voice, his punishment proved it. Now he has to convince her to yield to him, submitting to his tawse as she kneels to accept his collar. Moving to the United States was nothing like her young imagination had concocted. She expected to see cowboys everywhere, and a covered wagon or two would have been really nice!Now she writes novels as untamed as the Rockies, while spending a fair amount of time in Texaswhere, it turns out, the Texas Rangers law officers dont ride horses to roundup the bad guys, or have six-shooters strapped to their sexy thighs as she expected. And shes yet to see a poster that says Wanted: Dead or Alive. (Can you tell she has a vivid imagination?)Sierra wrote her first book at age nine, a fanfic episode of Star Trek when she was fifteen, and she completed her first romance novel at nineteen. She actually kissed William Shatner (Captain Kirk) on the cheek once, and she says thats her biggest claim to fame. Her adventure through the turmoil of trust has taught her that love is the greatest gift. Like her image of the Old West, her writing is untamed, and nothing is off-limits.She invites you to take a walk on the wild sidebut only if you dare.
