

Ms. Nice Nasty 2

All of her past skeletons come tumbling out at the same damn time! Just when Camille thinks she has the chaos of her life under control, the clouds break and she has a hard time controlling the storm. Her already shaky marriage is crumbling before her eyes, add to it her husband's pregnant side chick and all the skeletons in her closet; she may be in over her head! Now, she's standing face to face with Karma and it's the last person she'd ever expect it to be. The same person, who has been tormenting her the last six months, is now threatening to ruin everything she has worked so hard for. She should have listened when her mom told her, your actions have consequences because now she's finding out the hard way. Will she back down under the pressure of being exposed or will she lay all of her cards on the table? What will it take for her to open her eyes? Maybe she should have listened to her therapist or maybe it'll take the possibility of losing her career, a near death experience of someone she loves or the unexpected death of a loved one, to open her eyes. Or is it simply too late? Has her actions left her with more than she can conquer or can she survive with her mind, marriage and career intact? Find out in the series finale of Ms. Nice Nasty!
