

Olds Maternal-Newborn Nursing & Womens Health Across the Lifespan Plus MyNursingLab with Pearson eText -- Access Card Package (10th Edition)

NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearsons MyLab & Mastering products exist for each title, and registrations are not transferable. To register for and use Pearsons MyLab & Mastering products, you may also need a Course ID, which your instructor will provide. Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for Pearsons MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. For courses in maternal-child nursing, care of women and children, and womens health, for both 4-year BSN-level courses and selected ADN-level (2-year) programs This package includes MyNursingLab A humanistic, holistic approach to thinking like a nurse Olds Maternal-Newborn Nursing & Womens Health: Across the Lifespan is a family-focused text that provides comprehensive coverage of maternal-newborn nursing and womens health with special attention to evidence-based practice, cultural competence, critical thinking, professionalism, patient education, and home/community care. Accurate, readable, personal, and engaging, the text is built upon the philosophy that pregnancy and birth are normal life processes, and that family members are partners in care. The holistic approach to maternal-newborn nursing and womens health helps readers develop their clinical-reasoning skills, and prepare for nursing practice in an ever-changing healthcare environment. Personalize learning with MyNursingLab MyNursingLab is an online homework, tutorial, and assessment program designed to engage students in the Maternal/Newborn Nursing course and

improve results. Its guided learning path is proven to help students think like a nurse as they move beyond memorization to true understanding through application.
