

## Initiation (Tell Me When Book 1)

Bryn Talbot knows who she is: a time-traveling art thief with a list of lovers seven millennia deep. Seduction is part of her job, something she enjoys in the moment whenever and wherever that may be and then leaves behind. Until she gets a hot new colleague. Bryn knows him only as Doc, the man who must keep her fit to travel, and give her the orgasms that launch her into the past. But this Doc is nothing like his predecessor. Hes younger. Hes as scarred as she is. And when Bryn pushes his buttons, this Doc finds hers and pushes backwith skill. When Docs initial effort lands Bryn practically in the lap of the Roman-era blacksmith she seeks, she suspects her once-routine job is about to be reforged with white-hot intensity.
