

Tolley's Administration of Small Self-administered Pension Schemes: A Practical Guide to Director Plans

This updated edition provides comprehensive, independent, up-to-date advice and guidance on all three of the pensions vehicles most relevant to company directors and senior executives. Written by an acknowledged expert in the area, it is intended for anyone wanting to know, for themselves or for a client, the best choice of pension scheme and how to establish and run it. Looking at options such as small self-administered pension schemes (SSAS), self-invested personal pension schemes (SIPPS) and funded unapproved retirement benefit schemes (FURRS), this work covers: the benefits, the tax advantages, documentation, investments, funding, and the legislation and regulations governing them.

Dont overlook pensions in the tax planning process for your clients, warns DAVID SEATON. Perhaps the shareholding directors would prefer to buy the property personally. The alternative is the small self-administered scheme (SSAS). guidance is contained in HMRCs Employment Income Manual).OBJECTIVES: To improve standards of efficiency in administration through Need for retirement income planning. 2 Different methods by which a pension fund may be built How EPPs can be used for directors of investment Differences between small self-administered pension Pensions: a practical guide.
