

PowerTalk!: The Master Key to Personal Transformation

A breakthrough in the psychology of personal and professional success! What are the secrets to creating lasting change and improving your personal and professional life? Anthony Robbins offers a wealth of powerful ideas and strategies that you can use immediately to increase your income, influence others more effectively, improve your health, eliminate your fears and experience more joy and fulfillment every day of your life! Tape # 1: The master key to personal transformation Anthony Robbins looks at this most critical element in his success formula and shows you how to transform your perception of yourself to match all the goals that are important to you. Tape # 2: An interview with Dr. Wayne Dyer The internationally-renowned author of Your Erroneous Zones and You'll See It When You Believe It shares on a very personal level the insights that have made his books and tapes some of the bestselling self-help tools in the world. Special Bonus A booklet summary of highlights from Paul Zane Pilzer's bestseller Unlimited Wealth. A stimulating, challenging study of today's technological and economic realities, and how to make them work for you.
