Read about two hot new recruits at the firm... Excerpt: I am what you would call a regular guy in my mid-twenties and these kind of things dont happen to me often. I work for a consulting firm in downtown Manhattan. At the time the story begins I had already been working with the firm for 2 years and doing pretty well for myself. I had graduated top of my class from a prestigious East coast university and was recruited for a fancy salary and bonus. The flip side was that we had to work long hours, most weekends and constantly travel. I had done pretty well over the last 2 years, gaining the respect of my peers and bosses. I was the first person in the history of the firm to be promoted from Junior Analyst to Analyst to associate in just 2 years. I had earned and saved plenty and could now afford a swanky one-bedroom midtown apartment with a great view. Most girls think Im cute, about 6 feet tall, brown eyes, brown hair, and I manage to run and work out regularly so Ive maintained a good body. Coming back to the story. The new class of recruits generally starts in August every year and this year was no different. After about half an hour of shooting-the-shit with the guys and

meeting a few new recruits, my eyes fell upon a group of new recruits standing in the corner talking with a senior partner. I was standing at the bar with my drink and the group was standing in a circle about 20 feet away from me. But I wasn't looking at the group anymore, I was besotted by one of the faces in the group. She had an exotic look about her, she was about 5'8" (with heels), brown hair, green eyes and a smile that could light up any heart. Her hair was loose cascading down to her shoulders. She was wearing a black dress that clung to her in the right places and just fell a few inches above her knees. No stockings and black shoes with high heels. She not only had a beautiful face but an absolutely stunning body. Her breasts seemed to be ample-sized (probably a big C or small D cup), an extremely round and plentiful ass and long tanned legs. I'd say a 34C, 22, and 34. She sensed that I was staring at her and turned to look at me. Our eyes met briefly and we both half-smiled at each other. Embarrassed at being caught, I ...
