

Abigail: Scandalous Suffragette Brides: Western Historical Romance (Volume 1)

Laws are made to be broken and she's just the Scandalous Suffragette to break them. In a town where women are to be seen and not heard, suffragette Abigail Vanderhooten returns home with ideas of changing the world. She refuses to stand by and tolerate a place, unwilling to join the rest of the nineteenth century. Abigail finds taking over her father's affairs is more challenging than she expects, especially when dealing with the antiquated local laws. Mayor Jack Turner likes things the way they are in the quiet little community of New Hope, Texas. Everything is about to change, when Abigail Vanderhooten returns, shaking the foundation of his settlement and his beliefs. With a woman's revolution brewing, Jack realizes he has to decide if he wants to stay in the past or embrace the future. Abigail's strong spirit intrigues him and he knows, he isn't going to let her go without a fight. Can love blossom between a man and a woman with different ideals? Can they learn to compromise?
