

Virgin Unleashed: A Sci-Fi Erotic Satire (Magic Juice Book 4)

Concordia is done with her experiment but she has pushed it overboard. After administering a full cup of her half-man, half-ape boyfriend Jaxons magic juice to the human pilot Hendrik, Concordia discovers that the aphrodisiac effects of the magic juice on Earth men are mind-blowing. So mind-blowing that poor Hendriks bulge has grown so big, it practically cripples him for almost an entire day. Meanwhile, Concordias baby sister Tammy is getting closer to Argon, the second chief of the tribe of the Krypts. His furry body and his fiery eyes that can set a room on fire are dangerously exciting, but Argon is unusually shy. Still, Tammy doesnt give up easily. She seduces Argon by playing seek-and-hide in the woods and discovers that her furry boy is in fact a virginal virgin who knows much more about pleasing a woman from Earth than a woman would imagine. But Argon wants more than just hot and steamy fun with Tammy. When he offers her to be his girlfriend under the condition that they go exclusive Tammy is confused. Is she ready for a serious commitment? Even if the furry man who offers her his heart is everything she had ever hoped to find? This satirical, steamy sci-fi series about a girl who falls in love with a half-man, half-ape is intended only for adults. The story is laced with humor, romance, and tons of sexy activities that have left some gasping for air.
