

Textile: The Journal of Cloth & Culture

This exciting journal brings together research in textiles in an innovative and distinctive academic forum, and will be of interest to all those who share a multifaceted view of textiles within an expanded field. Representing a dynamic and wide-ranging set of critical practices, it provides a platform for points of departure between art and craft; gender and identity; cloth, body and architecture; labour and technology; techno-design and practice -- all situated within the broader contexts of material and visual culture.
