

The Bootleg Billionaire: Rare Treasure (A Contemporary Erotic Romance)

When good girls go bad, they're gone forever but when they go with him, they're gone for the better. The Bootleg Billionaire: Rare Treasure -- the fifth and final part in an erotic romance series about whiskey, stolen diamonds, buried treasure, uber-hot sex and a good girl who discovers that being good is a total bore. Hannah Montgomery is a good girl who's settled for lukewarm passion with her boyfriend, the town veterinarian. That is, until Matt MacFarland returns to town and stirs up her X-rated memories of their sexy nights together. Matt MacFarland is the kinky youngest brother in a family that earned a fortune through cattle ranching and selling moonshine during the prohibition years. Used to getting what he wants, he took Hannah's virginity years before, and introduced her to forbidden pleasures that changed her forever. Now that he's back in town, he's determined to have much more than that from her. In Rare Treasure, Hannah finds the gold coins and diamonds in the Rumrunner Mines. While her discovery ends her financial troubles, it creates a whole set of new ones between her and Matt MacFarland, the only man she'll ever find happiness with. Will Hannah come to realize that the coins and diamonds mean little, and that the rarest treasure of all is the love of a good man the kind, of course, with serious skills in the bedroom?
