

Neighbors (Books 1, 2, & 3)

All three Neighbors books in One Volume: Meeting A Neighbors Needs, A Neighbors Ultimatum, Teach Me, Master. Meeting A Neighbors Needs: After teasing turns to action, Gina learns she's bitten off more than she can chew with her sexy neighbor, George. Now she has to decide if she wants to play it safe or take a walk on the wild side. Gina's sexy neighbor, George, fuels her fantasies, but the perpetual good girl keeps her thoughts to herself, until frustration loosens the tongue of the wild child in her and she taunts him into making a move. After an evening of sexual excess, Gina embarks on a series of erotic adventures with her neighbor, each one more risky than the last. A Neighbors Ultimatum: There's a distance growing between Gina and her men, but she seems to be the only one willing to admit it. If she can't get them to see that something is wrong, the baby she's trying to conceive may not be the only dream she'll have to give up. As their first anniversary approaches, what began as a Neighbors Needs three years earlier may require A Neighbors Ultimatum to save her family. Gina had everything a woman could want. A job with summers off, a nice house, and not one, but two husbands determined to keep her happy in bed and out. And now the child she's been dreaming of having might be in the cards. Everything's perfect...until it's not, and her family's starting to come apart at the seams. Teach Me, Master: Triss Long loved watching her neighbor and the games he played with his lovers. Whether it was ropes or whips, blindfolds or ball gags, the way his body moved mesmerized Triss, and fueled a few of her own fantasies. Not to mention inspiring a scene or two in the erotic novels she wrote. Until the day she literally fell at his feet. Now that Vince Black's attention is focused on her, Triss has to choose between the naughty girl who's dying to play along, and the good girl
